

Verse 1

I see your tired eyes
Reading between the lines
You're lost in your trying to pretend that it's all alright
My hands around your waist but I see you look away
You've been here before you don't wanna talk no matter what I say
Your hearts on fire
Burning through the haze
Your hearts on fire

Chorus

Oh no you're too close to give it up
Hold on I hate to see you falling apart
My my oh don't hide it any more
Oh I, I can see you glow in the dark

Oh no you're too close to give it up
Hold on I hate to see you falling apart
My my oh don't hide it any more
Oh I, I can see you glow in the dark

Verse 2

Watching you overthink
All of the little things
When you're alone I hope that you know
That I mean it when I say
Your hearts on fire
And it's burning through the haze
Your hearts on fire

Chorus

Oh no you're too close to give it up
Hold on I hate to see you falling apart
My my oh don't hide it any more
Oh I, I can see you glow in the dark

Oh no you're too close to give it up
Hold on I hate to see you falling apart
My my oh don't hide it any more
Oh I, I can see you glow in the dark

Bridge

Heyyy your hearts on fire
Hey your hearts on fire
Oh and I can see you in the dark

Chorus

Oh no you're too close to give it up
Hold on I hate to see you falling apart
My my oh don't hide it any more
Oh I, I can see you glow in the dark
